MLaw Sophie von Schönborn

Sophie von Schönborn has been working at our firm since the summer of 2024. She advises on a wide range of legal matters.

She holds a Master's degree in Law from the University of Bern. Whilst still a student, she gained nearly two years of valuable practical experience at our firm, during which she was able to apply her legal knowledge directly to advising on and handling complex legal issues. Prior to this, she gained practical experience at, amongst others, the legal department of the Liechtenstein AHV/IV/FAK and in the Group Legal department of Liechtensteinische Landesbank AG. This provided her with insights into various areas of legal consultancy and enabled her, in particular, to deepen her knowledge of social security and commercial law, as well as her ability to deal with complex legal issues.

Languages

German, English
